

We welcome you all to apply to our 3hp PhD-course *The role of theories in teacher-researcher collaboration in mathematics education* at Örebro University, March 8 – 9, 2023.

The course will be taught by Elham Kazemi, University of Washington and Andreas Ryve, Mälardalen/Örebro University. The course is taught in English and involves some reading in advance.

Apply via e-mail to Anna Teledahl (Anna.Teledahl@oru.se) preferably no later than February 15.
